Revised Edition of Liberator's

is a complete introduction to the history of the American
Hygiene and Occupational Medicine of the American
Medical Association I have received by January 1951
copy. The first article is our long awaited "American
study and in entitled "Occupational Medicine of
Liberator".

I have ordered three additional copies of this issue
for filing here in Liberator. Should additional
copies be desired by others they may be ordered from
the American Medical Association, 535 North Dearborn
Street, Chicago 10, Ill.
