Safety Department
United States Naval Reserve Aviation Base
New Orleans, Louisiana

Attention: Mr. Victor Byer

Gentlemen:

We wish to acknowledge your letter of December 4 requesting information concerning the harmful effects of lead in gasoline and what lead content is not harmful to workers.

We have referred your request to Mr. Oscar Lewis, the head of our Safety Department in New York, and have asked him to send you the information directly.

Very truly yours,

C. W. BOND
PLANT MANAGER
