Johns-Manville

ASBESTOS CAULKING PUTTY

PRODUCTS  OF QUALITY

Johns-Manville Asbestos Caulking Putty for general caulking and pointing-up purposes. For example, door and window frames, sidewalk lights, etc.; also for repairing cracks in cement or stucco walls.

Directions for Applying

Asbestos Caulking Putty is manufactured to proper consistency for use in standard types of caulking guns. When setting door frames, sash, etc., spread putty to desired thickness and set frame. Then point-up around edges. When work is completed, always be sure to clean caulking gun immediately to prevent the plunger from clogging.

Approx. Contents: 5 GALLONS

Grade: GUN Color: GRAY

HANDLING INSTRUCTIONS

- Nothing should be added to this product without consulting the manufacturer.

- As temperature falls this material tends to thicken.

- Restore proper consistency by placing in a warm room.
