Dear Mr. Bergman:

Subject: Status Reports on Compliance Schedules for Waivers for Polyvinyl Chloride Plants, Union Carbide Corporation, Texas City, Texas

This is the third report on the status of our progress on projects for the waiver of compliance schedules as sent to us in your letter of March 11, 1977. This report covers the compliance date of June 15, 1977 for the attached compliance schedules.

In addition, two compliance schedules have been completed well ahead of time (Suspension No. 7 and Solvent No. 5) because we have determined from actual vent testing programs that the emissions are in compliance. This is discussed in a separate letter to you which presents the necessary supporting information.

If there are any questions or comments please refer them to me.

Very truly yours,

J. F. Erdmann
Environmental Protection Coordinator
