RE: 1970 ASSESSABLE TONNAGE

At a meeting to be held in November 1969 the Industry Development Committee of the Lead Industries Association will meet to review the proposed 1970 budget. To approve the projects to be undertaken during 1970, it is necessary that the Association be in a position to know how much tonnage will be assessable to support these projects.

Attached hereto is a questionnaire, in triplicate, on which we ask that you report your tonnage for the period October 1, 1968 through September 30, 1969. One copy of this questionnaire should be returned to the undersigned at your earliest convenience.

It is fully understood that the tonnage reported to the Association is entirely confidential and will be used for assessing purposes only.

Very truly yours,

(Mrs.) D. L. Moore
Assistant Treasurer
