

USN, commanding officer of the senior USS Constitution, better known as "Old Ironsides," and as "Old Ironsides" of Captain H Paasch's "Dictionnaire de la navigation en cinq langues. Sampson, for-ches navigation to fishermen in Monterey, e board of marine underwriters.

uman Health Bill ite Plan of Grants"

5 (AP) — nation already is supporting a its week huge program of state medicine on claim with an estimated 24,000,000 citi-f paying zens receiving various kinds of y inade- federal medical care.

Taft is the chief sponsor of one of the substitute medical and hos-pital care bills before the subcom-mittee His measure would pro- vide upward of \$1,250,000,000 in federal grants to states over an initial five-year period

Taft said it seems to him the administration payroll tax plan and the rest of the Truman pro- gram for expansion of medical fa- cilities and services "is a rather elaborate plan of grants and loans to all sorts of different people"

Celebrated Artist To Lecture Here

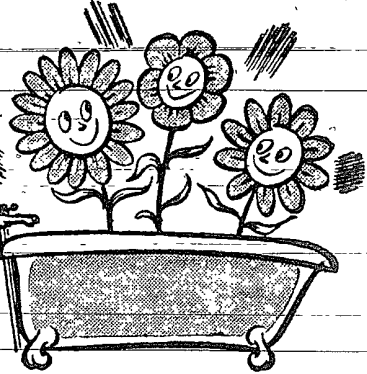

Frederic Taubes, celebrated art- ist and one of the world's leading experts on paint techniques, will be a Peninsula visitor this sum- mer, and will conduct a course on "Techniques of Oil Painting" from August 23 to September 3 under the auspices of the Carmel Art Institute, it was announced today by John Cunningham, in- stitute director

The class, which will be limited to 50 members, will practice all methods of craftsmanship under Taubes' leadership, and "discuss technical problems in theory

A contributing editor of Ameri- can Artist, Taubes is author of seven books on methods of paint- ing, two on esthetics He is a fel- low of the Royal Society of Art, London, England, and a visiting professor on the staffs of nine ma- jor universities and colleges, as well as a widely known lecturer

Formulator of the Taubes' Painting Media and Varnishes, he has held more than 70 one-man exhibitions here and abroad, 12 of which have been held in New York Many of his paintings are found in the leading museums and private collections of this country

What's behind the BIG SWING TO NASH!

- Is it because the new Nash will operate for one-third less?
- Is it because you get more for your dollar than in any other low priced car?
- Is it because Nash has a high trade-in value?
- Is it because Nash actually gives from 23 to 30 miles per gallon of gasoline?

Come in and see for yourself
A free demonstration will convince you
YET NASH COSTS NO MORE
