Ken –

I am writing to thank you for the time we recently spent discussing the Michigan DEQ's work on the Wayne County SO2 SIP. Attached please find a brief summary of the issue, which you can share with staff.

As I indicated, I raise this issue with you as a matter of EPA policy and practice, with the understanding that all EPA Regions do not implement the 'weight of evidence' provisions consistently.

I look forward to discussing this in more detail with you and your staff at a convenient time.

Again, thanks for taking the time to talk with me and I look forward to our next visit.

Kind regards,

Heidi
