AMERICAN and Canadian railways
use Sherwin-Williams finishes for
all surfaces, from locomotives to pas-
senger coaches. They recognize that
Sherwin-Williams make the exact type
of finish necessary for each surface.
Householders, likewise, recognize this
and know that the same careful research
and technical skill are utilized in pro-
ducing the right finishes for the home
as are used in serving the great transpor-
tation and industrial companies. The
Household Painting Guide gives the
