Dear Mr. Boyce:

Under separate cover, we are forwarding two samples of ZOVOLITE (R) Acoustical Plastic, one Decorator White and the other Bermuda Tan. Both products are available from our manufacturing point in Dallas, Texas.

For estimating purposes, one bag will cover 4 sq. yds. 1/2" thickness. We will need to know your approximate requirements before quoting price because of the weight factor.

It should be pointed out that ZOVOLITE Acoustical Plastic may be spray painted with water base paints without detriment to the acoustical properties. This is mentioned in the event that the decorator may have some other color scheme in mind.

Thanks so much for contacting us and let us know if we may be of further assistance in this or other matters.

Yours very truly,
