

## TOOL BOXES VISES

### A. MECHANICS VISES

#### Heavy Duty

Recommended for all automotive services—our most rugged line. Main stressed parts are malleable alloy with other parts of semi-steel. Famous round design is machined to close tolerances for lifetime usage. Main body encloses and protects working parts, seals in lubrication. Extra heavy top jaws are serrated and hardened, double locking swivel base rotates 360°. Can be made stationary by removing swivel.

| Vise No. | Jaw Width | Maximum Opening | Throat Depth | Price   |
|----------|-----------|-----------------|--------------|---------|
| 4-2670   | 3½"       | 4"              | 2¼"          | \$46.31 |
| 4-2671   | 4"        | 5¼"             | 2¾"          | \$59.97 |
| 4-2672   | 4½"       | 5¼"             | 2¾"          | \$67.28 |
| 4-2673   | 5"        | 6½"             | 3½"          | \$87.72 |

### B. MECHANICS VISES

#### Medium Duty

These vises are for general automotive service work of light to medium duty and are also equipped with pipe jaws. Channels are all steel and reinforced on 5" and 6" models at points of stress. Castings are durable semi-steel. Metal jaws are diamond serrated and hardened. Pipe jaws are hardened steel for pipe and other round work. Swivel base rotates 360° with double lock-down. Can be made stationary by removing swivel.

| Vise No. | Jaw Width | Maximum Opening | Throat Depth | Pipe Capacity | Price   |
|----------|-----------|-----------------|--------------|---------------|---------|
| 4-2675   | 4"        | 4"              | 3¾"          | ¼"-2"         | \$34.62 |
| 4-2676   | 5"        | 5¼"             | 3¾"          | ¼"-2½"        | \$48.62 |
| 4-2677   | 6"        | 6½"             | 4¾"          | ¼"-3½"        | \$69.66 |

### C. MECHANICS VISE

#### All Purpose

Strongest vise ever designed for shop purposes. Hardened steel pipe jaws with high tensile, malleable iron castings. Has a large work holding capacity of extra deep throat and larger, deep serrated jaw faces, horizontal nut and spindle construction provides "straight line" pull for spindle, threads will not wear. Permanently lubricated swivel base rotates 360° with slip proof breakdown.

| Vise No. | Jaw Width | Maximum Opening | Throat Depth | Pipe Capacity | Price   |
|----------|-----------|-----------------|--------------|---------------|---------|
| 4-2685   | 5"        | 5"              | 3¾"          | ¼"-3½"        | \$62.78 |

### VISE DISPLAY STANDS

Attractive steel display stands with enameled finish. (Less Vises)

D. 14-2679 Counter Stand .....Price \$3.00

### VISE REPLACEMENT PARTS

| Vise No. | Main Sleeve Nut | Stationary and Movable Jaws (Castings Only) | Steel Top Jaws | Screw Spindle and Handle |
|----------|-----------------|---------------------------------------------|----------------|--------------------------|
| 4-2670   | 4-2836          | 4-2840                                      | 4-2832         | 4-2844                   |
| 4-2671   | 4-2837          | 4-2841                                      | 4-2833         | 4-2845                   |
| 4-2672   | 4-2838          | 4-2842                                      | 4-2834         | 4-2846                   |
| 4-2673   | 4-2839          | 4-2843                                      | 4-2835         | 4-2847                   |
| 4-2675   |                 |                                             | 4-2826         | 4-2829                   |
| 4-2676   |                 |                                             | 4-2827         | 4-2830                   |
| 4-2677   |                 |                                             | 4-2828         | 4-2831                   |

### VISE REPAIR PARTS

|                          |                          |
|--------------------------|--------------------------|
| 4-2826.....Price \$ 8.10 | 4-2837.....Price \$10.75 |
| 4-2827.....Price \$10.75 | 4-2838.....Price \$11.20 |
| 4-2828.....Price \$14.45 | 4-2839.....Price \$12.40 |
| 4-2829.....Price \$ 9.65 | 4-2840.....Price \$30.35 |
| 4-2830.....Price \$12.85 | 4-2841.....Price \$39.80 |
| 4-2831.....Price \$16.70 | 4-2842.....Price \$42.05 |
| 4-2832.....Price \$ 8.10 | 4-2843.....Price \$51.90 |
| 4-2833.....Price \$ 9.28 | 4-2844.....Price \$ 9.58 |
| 4-2834.....Price \$10.60 | 4-2845.....Price \$12.55 |
| 4-2835.....Price \$13.78 | 4-2846.....Price \$14.30 |
| 4-2836.....Price \$ 6.91 | 4-2847.....Price \$16.65 |

When ordering special vise replacement parts show casting number which appears on side of stationary base.

### TOTE-TRAY TYPE TOOL BOXES

#### E. HIP-ROOF DESIGN WITH ONE-PIECE CONSTRUCTION DRAW BOLT

Hip-roof design. Lift out tote-tray has socket partition. Plenty of storage space below tray. Baked enamel finished with plated hardware. Heavy duty one-piece construction drawbolt with eye for padlock.

|                                                 |
|-------------------------------------------------|
| 14-4751 8 in. x 9 in. x 18 in. ....Price \$9.75 |
| 14-4754 8 in. x 8 in. x 16 in. ....Price \$8.65 |

#### F. HIP-ROOF DESIGN WITH TWO-PIECE CONSTRUCTION DRAW BOLT

Same as E. except 14-4752 and 14-4753 are equipped with two heavy duty one-piece construction draw bolts; one with eye for padlock, 14-4753 is brown textured.

|                                                              |
|--------------------------------------------------------------|
| 14-4752 8 in. x 9 in. x 20 in.<br>Green .....Price \$10.85   |
| 14-4753 10 in. x 11 in. x 20 in.<br>Brown .....Price \$13.65 |

#### G. Flat Roof Design

Large roomy box has convenient lift-out, bar handle tote-tray that is big enough to hold complete set of standard socket wrenches. Same construction features as boxes listed under F.

14-1909 9 in. x 8 in. x 18 in. ....Price \$9.45

### CANTILEVER TYPE TOOL BOXES

Sturdy steel construction with welded seams, continuous piano type hinge and enamel finish. Handles and hardware have cadmium plated, rust resistant finish.

#### H. SINGLE TRAY TOOL BOX

Seven compartment, single tray, all purpose cantilever tool box. Heavy duty one-piece construction draw bolt with eye for padlocking. Use for hobbies, small parts, etc.

14-4750 8 in. x 6 in. x 16 in. ....Price \$7.45

#### I. FOUR TRAY TOOL BOX

##### 8 Partitions

2 lower trays have 4 partitions each while the two upper trays have none. Ideal box for mechanic, home handyman, plumbers and steam fitters.

|                                                   |
|---------------------------------------------------|
| 4-1904 8½ in. x 11 in. x 21 in. ....Price \$17.00 |
| 4-1906 8½ in. x 11 in. x 17 in. ....Price \$15.75 |

#### J. FOUR TRAY TOOL BOX

##### Multi-Partitioned

Each tray has many compartments of varying size. The many partitions make this an ideal box for carrying small parts as well as tools.

14-1908 8½ in. x 11 in. x 21 in. ....Price \$18.30
