INTER-OFFICE MEMORANDUM 001455

PLAINTIFF'S EXHIBIT [illegible] USM [illegible]

Complaint

To: F. M. Stumpf

From: S. D. Sunski

Date: October 24, 1967

Subject: Evaluation of Type D Returned from Sprayed Fireproofing

Nature of Complaint

Material very dusty

Three bags were removed from the trailer that returned the material and evaluated. (Bag Nos. 72597 manufactured Saturday, Sept. 16, 1967 and 72617 manufactured Monday, Sept. 18, 1967).

Complaint material was sprayed through a pole gun using field procedures and techniques.

The material was found to be no dustier than the everyday production run. Out of three bags that were checked, no clouds of excessive dust was observed.
