NOT COME FROM PPG FILES

Dear Mr. Samuels:

This is in response to your request that a list be furnished of those individuals (State officials) who received reports on asbestos processing plants surveyed by this Department during the period 1963-1969.

I have attached a list of those State agencies who received carbon copies of the reports sent to the companies. We have been unable to locate specific records and the dates of transmittal.

The Occupational Safety and Health Act grants to the National Institute for Occupational Safety and Health a right of entry into any establishment to carry out its functions under the Act. NIOSH does not intend to make any agreements to withhold information from any individual or his representative, the lack of which could reasonably be expected to lead to his death or impairment of his health.
