W. G. Atkins
Safety Engineer
Sheldon Road Plant

Subject: Asbestos Screening Test of Settled Dust

The settled dust sample collected from a truss of the second floor of the former mix room at the Sheldon Road Plant by the plant UAW Health and Safety Representative was analyzed using the National Institute for Occupational Safety and Health asbestos screening test. The result of the test was negative for asbestos.

For future reference the Data Retrieval Number of the sample is HBL-1217 and the Industrial Hygiene Laboratory Number is 81-0529.
