

1 done some other type of more clinical research
2 basically all of my career.

3 Q How long have you been involved with
4 research concerning asbestos and asbestos-related
5 disease?

6 A About 10 years.

7 Q Do you do any teaching, or have you done any
8 teaching in the past, Doctor?

9 A Yes.

10 Q What type and where?

11 A Several things. I have taught at the
12 University of Washington School of Medicine. I am a
13 clinical professor of pathology and a clinical
14 professor of environmental sciences at the University
15 of Washington School of Medicine.

16 I have taught residents over there. I have
17 given lectures to other doctors at the University of
18 Washington.

19 I have also, in the past and right at the
20 present time, taught medical students. Myself and Dr.
21 Dail, the other co-editor of that book, he and I have
