Dr. Charles W. Stephenson,
179 Allyn St.,
Hartford, Conn.

Dear Dr. Stephenson:

I have your letter of April 27th and am taking the liberty of referring it to Dr. R. A. Kehoe of the University of Cincinnati who has, I believe, all available data on this problem.

I am sure that you will hear promptly and fully from Dr. Kehoe and that he will be able to send you a number of reprints.

Very truly yours,

Graham Edgar.
