PCB - Ralston-Purina

H. S. Bergen - B2SL
C. P. Cunningham - B2SA
J. F. Stapleton - B2SA
E. S. Tucker - T2F

Mr. W. R. Corey
B2SL

In my October 24 memorandum in which I listed Ralston-Purina laboratory data relating to PCBs detected in our phosphate ester base Pydraul8 the results for the Mechanicsburg, Pennsylvania sample are reported erroneously.

The amounts detected should read:

868 ppm
977 ppm
1123 ppm
