Subject: PFAS WG: follow up to the last meeting
Date: 17 January 2019 09:08:19

Dear all,

Firstly, I hope you all had a restful holiday period and are ready for some more energetic work on PFAS this new year.

By way of follow up to the last meeting I have uploaded the final version of the action points to S-CIRCABC at the following link:

<https://webgate.ec.europa.eu/s-circabc/w/browse/f600daa7-2433-4976-b387-7b69986550e1>

I have also received some useful feedback from [REDACTED] at EEA on the draft action points in relation to the following:

- Hydrofluoroethers
- Fire-fighting foams
- Cationic PFAS used as coatings
- PFAS in liquid display screens and as adjuvants for medicinal products.

I have uploaded [REDACTED] comments at the same link above.

Finally, I have also uploaded Daniel's report from the Green Science Policy meeting of 9 January 2019 here:

<https://webgate.ec.europa.eu/s-circabc/w/browse/674e6cca-ea12-4470-9aad-660cd3f7fcdf>

Best regards
