Hey Ryan,

With Scott including me on this, I thought I'd give you a shout out for all the great work y'all are doing. It is very impressive!

As I think you know, Scott and I both work with Clean Energy. Obviously, we'd love to get Andrew in at your earliest convenience (if it works on your end).

Thanks again for all your great work.

Also just wanted to make sure you heard Ex. 6 - Personal Privacy Only bring it up because I was a little slow getting info to Sen. Inhofe and I feel terrible. Nothing for you to do, just passing along info.

Talk soon,  
Tim

> Andrew Littlefair, the President and CEO of Clean Energy Fuels, would like to meet with EPA Administrator Pruitt to discuss some recent advancements in terms of natural gas vehicles. Clean Energy is the largest provider in North America of natural gas used as a transportation fuel. As you know, natural gas is now used as a transportation fuel in motor vehicles, railroad locomotives, and in marine vessels.
