INTER-OFFICE CORRESPONDENCE

TO	Dr. R. A. Kehoe	ADDRESS	Cincinnati
FROM	Mr. J. H. Schaefer	ADDRESS	New York
SUBJECT	Lead Contamination Advisory Committee	DATE	January 3, 1947

This will acknowledge with thanks receipt of your memo. of December 24 enclosing the minutes of the November 20 meeting of the Lead Contamination Advisory Committee.

I have read these with a good deal of interest and want to take this opportunity to write you to express my commendation of the excellent work that this Committee has done since its inception. It is highly gratifying to note the progress you have made. I am particularly heartened by your comments to the Committee showing the trends in lead absorption of workers at Baton Rouge and Deepwater. This, to me, is definite evidence of the kind of progress we want and continue to hope for.

Yours truly,

J. H. Schaefer
