RE: Teleconference - August 27, 1993 @ 2:00-4:00pm EDT

I would like to hold a teleconference to review the status of the PVC industry's response to the allegations made in the report "Dioxin Factories".

A quick canvassing of some group members indicates that the afternoon of August 27th is the first feasible date.

Please respond by fax (517-636-9899) or phone (517-636-1824) and let me know if you would be available for a teleconference on August 27th. I expect we will need at least one hour and suggest we block out 2 hours between 2:00p and 4:00p EDT. If you are only available for some fraction of that time, please let me know that as well.

Also, please review the attached list of task group members and let me know if anyone from your company should be added or dropped.

Thanks for your help,

Ron McCreedy
