Paramus, New Jersey 07652

Dear Ed:

The papers which you circulated under date of August 8, 1974 relating to the revision of O.S.H.A. Standards on "Exposure to Asbestos Dust" were carefully studied here.

I immediately called our Chairman, Ike Weaver, and expressed my displeasure with the recommendation limiting the use of respirators to 60 minutes in any 8 hour shift, and 30 minutes in an hour.

This is recommended as an additional section under (d) (1) (vi) which I feel would best be left as is.

The entire proposal is well prepared and represents a realistic approach which will safeguard the health of employees.

Yours very truly,

MOLDED MATERIALS COMPANY
