Sally,

Don't know if the meeting was held yet (Patsy-any idea/feedback?) but both Rob and Nela Brown (who was to attend API board mtg. on Rob's behalf) agreed to support API in encouraging its members to contribute funds. They weren't very optimistic, though, that other companies would do so.

Nancy and Patsy,

I see the Shanghai Benzene Study is on the Sr. API HSE Committee draft meeting agenda for next week when we get together in LA. Please send me an update on the discussion with Routs. I do not remember when the API Executive Committee was meeting and how the discussion went. IF it already occurred, any feedback would be appreciated. I do not whether the topic is on our agenda to make a recommendation to the Exec Committee or if it is there just to give us an update. Want to be prepared in either case.

Sally
