**Subject:** Meeting with Repsol's CEO

Ryan -

I hope that things are well at EPA. As you may know, Dentons represents Repsol, a Spanish-based oil and gas company with significant assets in Alaska, Pennsylvania and Texas, among other places in the US. In the Marcellus, Repsol holds an interest in 170,000 net acres and produced 550 Mmf/d of natural gas in 2015. In March, Repsol and Armstrong Energy announced the discovery of 1.2 billion barrels of oil on Alaska's North Slope, the largest US onshore conventional discovery in 30 years.

On the week of September 25, Repsol's CEO Josu Jon Imaz Miguel will be in DC from Madrid for meetings of the Department of Energy's National Petroleum Council. I wanted to see if Administrator Pruitt might have some time and interest to meet with Repsol's CEO on Tuesday, September 26. I know his schedule is busy so I would appreciate any availability he might have that day.

Please let me know if you have any questions.

Thanks-

Andrew

Hey Ryan. Just checking in. Wanted to let you know that I'm still really excited about joining the team. Is there anything you'd like for me to be working on in advance? Nothing confidential of course, but wanted to let you know that I'm willing.  
I hope all is well.

I know you are as anxious as I am to get to work, but I have a lot to wrap up here both professionally and personally. How about July 3?

Thanks

Of course. I think this is definitely something we can do when you arrive here. This is a routine thing and something I did after I arrived. Charles, can you help clear this up?

Sorry to bother you with this, but I'm assuming this is something I can take care of when I arrive in D.C. If not, we are going to need to find another arrangement as the closest EPA badge office is over 300 miles from me.

Thanks
