Thanks Josh, we have that date confirmed.
We will get out a draft agenda next week for your review.
Annette Miles has sent to you in a separate email a couple of lodging options available in Emmetsburg.
Look forward to the visit.

Bob and Annette,

Circling back to confirm that Bill will be visiting on the 28th. Current plan would have him fly into Minneapolis the night before (27th) and drive to Emmetsburg that night as well...so he'd be ready to start meetings as early as needed the next morning. For planning purposes, I think we should plan on 5-6 hours of meetings/plant tours, so that he can be back on the road in time to catch a flight from Minneapolis to Las Vegas that night. (We don't know which flight yet...we'll be in touch to confirm when we know).

It's possible one or more additional EPA staff – either from our transportation office, or our region 7 office in Kansas City – will join Bill.

I'm heading out on vacation after today. Emily (cc'd) can be a pt of contact while I'm out. While we're confirming flights/attendees on our end, can we look to you to provide a draft agenda for the day?

Josh

Josh,
That address is correct.
I have attached an email from Annette Miles that gives some additional information on the logistics at the site.
We can work on those details once the date and time are set.
Thank you,
Bobc

Thanks Bob. Emily (cc'd) and I will be discussing with Bill when he's back in the office tomorrow...and then we'll circle back with you to confirm whether this is a go.

Can you confirm the Emmetsburg address I pasted below is the correct one? If it is, then we would likely have Bill fly in Minneapolis on Monday night so that he can spend a good portion of the next day w/ you before driving back to Minneapolis to catch a flight to Las Vegas that evening.

Josh,
We can accommodate Bill Wehrum and EPA for a visit to our Emmetsburg, Iowa conventional and cellulosic facilities on Tuesday August 28th.
Once you have the travel times defined we then can work on the visit details e.g., scope, attendees, focus items, etc.
Please let me know if you have any questions.
Thank you.
