I'd be happy to see them.

Thanks,  
Scott

Hi Natalie,

It was really nice to connect with you in DC a couple weeks ago. We (CA Sportsmen) are all coming back out next week for the May 2nd Ducks Unlimited dinner. David Bernhart will be joining us. Do you think there is an chance Scott Cameron would like to join us? Any chance you would? Invitation is below my signature block.

Also, I'm wondering if you could help put me in touch with whoever handles Aurelia Skipwith's schedule please? Is that possible?

Also, can I please have your professional contact information at Interior?  
Email and phone? Thank you!

Best,  
Mark

Mark,

I just checked my schedule and can only make it to the first 30 minutes of the cocktail party, but I would like to join you for that period. I have a prior commitment that evening.

Thanks,  
Scott

Thank you, Mike and Lawrence. And it is a pleasure to e-meet you, Kelly.  
Please keep me in mind for other events and talks such that directly or indirectly impact DOI.

Kind Regards,  
I

Aurelia, I also would like to thank you for taking the time to come to the Summit. Having you there was a great signal that the Department will be a strong partner to help get things done. I enjoyed our conversation, including our mutual engagement with Monsanto, and I look forward to our next conservation soon. Kelly Reed leads our Government Affairs efforts, and we would welcome the opportunity to come and see you in your office to explore other ways we can work together. Thanks again, Larry

**Subject:** FW: National I&E Summit follow up

Aurelia:

Thanks for taking time from your busy schedule to join us at the National Summit on Infrastructure and the Environment. We know everyone at DOI is drinking from a fire hose

these days so we very much appreciated the time and effort that you, Marshall, and Jim Cason were able to spend with everyone. I also enjoyed visiting with you personally concerning your past life with Senator Burns, as well as the other endeavors you have been involved with prior to joining Interior. Having worked with Interior myself, both in WDC and multiple duty stations in the West, I understand the nature of the challenge. Good luck as you continue your transaction.

Notwithstanding the above, The Conservation Fund has enjoyed a long and successful partnership with DOI and the various agencies, especially the USFWS and NPS. The work of the Fund has always been in partnership with the agencies, and the private sector, as we have endeavored to effectively balance vital economic development issues and the environment. We look forward to continuing that partnership under Secretary Zinke's leadership in cooperation with your office and others.

In the meantime, I am sure you will hear directly from TCF President Larry Selzer, who I think you met, and other members of our Arlington based Government Affairs team. If I can provide any direct help or assistance relative to western issues feel free to contact me directly at anytime.

Warm regards,

Mike Ford

Nevada and Southwest Director
