Re: Charles Kramer vs. Monsanto Chemical Company, P202-187867, PD442-7221

Dear Mr. Armstrong:

The most recent information I have in our file with respect to the above captioned case is a request by Bud French to R. S. Wobus to furnish a witness in New York on March 20, 1963 to testify with respect to the matters mentioned in your letter of March 4, 1963. An illegible pencil note on our file copy indicates that such a witness was furnished.

Should Monsanto do anything further to assist in this case at this time?

Yours truly,

H. D. Dickens
