TO: A. J. HERMANDORFER

FROM: E. M. MARKS, M.D. *EMM*

Two of the Bridgeport Plant's employees, Mr. [REDACTED] and Mr. [REDACTED], have recently been found to have some abnormalities on their chest x-rays. Both employees appear to have worked with or near asbestos.

Enclosed is a copy of Section U of the Guidelines For Physicians entitled "Guidelines for the Diagnosis and Classification of Asbestos - Related Medical Cases". I recommend that the procedures outlined in the section be carried out in these two cases.

With the assistance of Dr. Bruce Karrh, Du Pont Medical Director, I am attempting to select an acceptable medical specialist to carry out additional testing and evaluation.
