Plans for this - different. Why is this a floor plan in the middle of a printed book? It is a plan for a house that is a perfect example of the kind of house that you can build for a small amount of money. Two Steps to a Beautiful Home

The first step will give you immediate delight. This step is the selection of lovely decorative colors for your home, colors that you know are in beautiful harmony.

The other step will give you permanent delight. This step is the selection of materials which you know will hold their beauty year after year.

What Is the Easy Way of Taking These Steps?

Look for "Paint Headquarters" sign and the SHERWIN-WILLIAMS House and Painting Guide, where you can get advice as to material and help in selecting colors that will please you.

PAINT is a specialty, not a side line at this store. That is why we are careful to handle only quality materials, and are qualified to advise you what paint is suitable to use for each particular service.

Patton's SUN-PROOF PAINT

is for buildings that you want to protect against weather and decay. It is a "weather-proofing" paint that protects and does not penetrate and is most economical. Because it is a sun-proofing paint, it is also a fire-proofing paint, and it is a fire-proofing paint.
