Subject: Agenda for Friday Teleconference and Draft of Section F of the consent order

Enforcement Confidential

Jesse,

Below is a draft agenda for our tentative teleconference on Friday at 10:00am. Joining me on the call will be Deb Mulrooney (air dispersion modeling expertise) and Steve Grise (physical property expert for C8). I have also tried to draft some language for the consent order section VI.F. that should get us much closer to an agreement. The proposed language is attached as a Word document.

Agenda:

Introductions

Discussion of Order Requirements Section VI.F.

- Building Parameters

- Emission Rates

- Stack Conditions

 - Phase

 - Particle size

 - Scavaging Coefficients

- Physical Properties

 - Phase Diagram

 - Solubility, vapor pressure, Krafft point, pK values

 - Henry's law

- Carbon Absorption

Preliminary modeling discrepancies and plan to resolve

Next Steps

I will call you in your office at 304.926.3647 at 10:00AM on Monday unless I hear otherwise from you.

Redraft of Emission modeling Consent order

Best Regards,

Rob Pinchot
