VICTOR MANUFACTURING & GASKET COMPANY
INTEROFFICE CORRESPONDENCE

To: W. Sheehan

Date: October 6, 1967

From: H. Jensen

Department: Systems Services

Customer:

Reference: Engineering Changes Project.

During these trying times of upheaval I feel that any further work on the above subject will have to be based upon your decision to continue.

If you do consider this project worthwhile, then you will have to assign to some responsible person. Attached is a rough draft of a presentation we were going to make to the Finance Committee. It has value only if accepted or some configuration of it.

We did not have the opportunity, nor time to review with Warren Rasmussen; or any other persons, so rather than have anyone say nothing happened, something did, but no action. In the short period of time left to me, if you wish to review further I will be pleased to assist.

B&H
Please review & let me have comments -
Bill - comments are in margin - may I ask you about this?
