Dear EPA,

The following Presidential Exemption Request was submitted to EPA's airaction@epa.gov e-mail address earlier today for our Union Carbide Seadrift, TX Operations site. Union Carbide is a wholly owned subsidiary of The Dow Chemical Company (Dow). The request consists of a cover letter along with Attachment #1 (2 files: Cover Letter and Project Information), which provides additional details.

This e-mail is just to provide a copy of the request that was submitted.

We appreciate EPA's review of the request and are available to answer any questions regarding the attached submittal.

For reference, I serve as a technical contact for our Dow sites on EPA air pollution rules and policy matters so feel free to contact me with any questions as well.

Regards,

Russell A. Wozniak
