Attention of: Dr. Charles Bishop - Newark (Medical Department)

From: John D. Black - Toledo

Subject:

Dear Dr. Bishop:

Enclosed is a copy of a letter received today from Dr. Schepers of Saranac Laboratory.

Wish you would read this and give me your thoughts with regard to its contents.

This is certainly not what I had in mind when I asked Dr. Schepers to give us a letter incorporating favorable statements based upon past experiments with Fiberglas in the laboratory. I personally do not like the general tenor of this letter. It is certainly nothing that we could show customers or a union.
