We have copy of your letter of September 18 addressed to the Los Angeles Office of Armstrong Contracting and Supply re the above claim.

On May 1, 1967 we sent to your office information regarding the earnings of Mr. Tyler. Two copies of our letter of May 1, 1967 and all attached information are enclosed. You will note a different Aetna claim number was assigned at that time.

The only additional information we have now is a breakdown of his earnings for the year 1966 and two copies of this data sheet are also enclosed.

ASEESTCSIS CLAIM

According to a listing we received from the Workmen's Compensation Appeals Board, Division of Industrial Accidents, Long Beach, CALIFORNIA, John Tyler worked for Armstrong Cork Company and Armstrong Contracting and Supply Corporation during the periods listed below and received remuneration in the amounts stated.

We are now asked to substantiate those facts. I realize that because of our Retention of Records schedule we do not have much of this information. However, please give us what you have.

Employed by ACCS or Armstrong? *No* Can you tell us if he worked for us in '51, '52 and '56? *No records kept in 1956*

Then if you could give us a breakdown of his earnings by weekly pay periods & number of days worked for the years 1962, 1964 and 1965 it would be most helpful.

Also, could you tell us for these 3 years the reason for his leaving.

Thank you very much.

Mabel

John Tyler

October 16, 1968

Attached is Aetna's September 18, 1968 letter requesting information in regard to Mr. Tyler's earnings while in our employ. Such information is requested for the insurance claim that Tyler has processed.

We have reviewed the Los Angeles branch files as far back as they are presently at this location and find that any earnings Tyler had prior to 1966 are not here.

We have attached all of the records pertaining to dates of hiring and termination and would hope that you can have the proper department in Lancaster research the necessary information for Aetna.

We have informed the local Aetna office that this matter is being referred to the home office and you may feel free to answer them directly from Lancaster.

ASBESTOSIS CLAIM

According to a listing we received from the Workmen's Compensation Appeals Board, Division of Industrial Accidents, Long Beach, CALIFORNIA, John Tyler worked for Armstrong Cork Company and Armstrong Contracting and Supply Corporation during the periods listed below and received remuneration in the amounts stated.

We are now asked to substantiate these facts. I realize that because of our Retention of Records schedule we do not have much of this information. However, please give us what you have. Can you determine when Mr. Tyler was first employed by AC&S or Armstrong? Can you tell us if he worked for us in '51, '52 and '56? *7 yrs & current*
No
Records except in 1956

Then if you could give us a breakdown of his earnings by weekly pay periods & number of days worked for the years 1962, 1964 and 1965 it would be most helpful.

Also, could you tell us for these 3 years the reason for his leaving.

Thank you very much.

Mabel

Gentlemen:

CLAIM R (D) 33 CC 156831 MR - INCURRED: ARMSTRONG CORK CORPORATION
CLAIMANT: JOHN TYLER - WCAB CASE NO. 67 - LB 36087
CROSS REFERENCE: JOHN TYLER VS FIBRE GLASS ENGINEERING AND SUPPLY, ET AL

In response to your letter of March 21, 1967, we have established the above claim number and have forwarded a legal file to our attorney's office in case it is necessary to make an appearance before the Los Angeles Workmens Compensation Appeals Board on your behalf. Since our attorneys are presently defending Gibre Glass Engineering and Supply Company against Mr. Tyler's allegations, we are, of course, being kept advised of all current developments.

In your letter of March 21, 1967, you mentioned that Mr. Tyler's employment with Armstrong Cork Company and amount of wages earned have not yet been substantiated. Since these are the two most important factors in determining the extent of exposure, in continuous trauma cases, we ask that you begin an immediate investigation of these two points and forward your findings to our office, so that we can be prepared in case Armstrong Cork Company is joined as a party defendant in this matter.

We will keep in touch with you regarding all developments in this case.

Very truly yours,

ETNA LIFE AND CASUALTY COMPANY

Dear Mr. McGaughey:

Subject: John Tyler vs.
Fiberglass Engineering & Supply, Et Al
California W. C. Case 67LB36087
Your File - Suspense 7116

Standard Accident Insurance Company insured Armstrong Cork Company in California in 1951 under workmen's compensation Policy AZ718480. Your company did not insure us in 1952 as stated in my letter of March 21; this was an error on my part and 1952 should have been listed as one of The Travelers' years.

Armstrong Contracting and Supply Corporation came into existence on January 1, 1958 and was formed from the former contracting operation of Armstrong Cork Company. It is a wholly-owned subsidiary of Armstrong Cork Company and obviously was not an insured of your company.

This case was originally scheduled for hearing on April 6 but it was removed from the calendar by the Referee who ruled that it was not in triable condition. We assume that this information is part of your file even though it was not received and forwarded by us until March 29.

Any further correspondence will be sent directly to your attention.

Very truly yours,

Wallace B. Hofferth

Dear Mr. Hofferth:

A carbon copy of your letter with attachments has been directed to this office by our Pittsburgh office.

We will very shortly have litigation in Los Angeles.

In your letter you indicate coverage by Standard Accident Insurance Company for the years 1951 and 1952. Could you supply us with policy numbers or copies of the policies for these years? You also indicate that either Reliance or Standard Accident Insurance Company covered Armstrong Contracting and Supply Corporation and I would appreciate your confirming this, if possible, with policy numbers.

I can appreciate the difficulties in establishing this coverage and appreciate very much your cooperation. Inasmuch as further litigation is anticipated at an early date I would appreciate hearing from you at your earliest convenience.

Very truly yours,

It is noted that the applicant had similar employment in this case, as an Asbestos Worker, as in the case of OLLIE W. ROGERS vs. FIBERGLASS ENGINEERING, et. al., Case Number 64 LR 26779. It is recommended that applicant's Counsel review that record to expedite information concerning coverage.
