> Pruitt is committed to ensuring the EPA gets back to the basics of managing our environment by engaging with state, local and tribal partners to create sensible regulations that enhance – rather than inhibit – economic growth.
> Within the first two months of his leadership, Pruitt has spearheaded over two dozen significant regulatory reform actions including the review of the Waters of the United States rule and the Clean Power Plan.
> Prior to serving on President Trump's cabinet, Pruitt served as Oklahoma's Attorney General where he became a national leader through a career of advocating to keep power in the hands of hard-working Americans. He has a proven track record of working with others – including industry, farmers, ranchers, landowners and small business owners – who want to do the right thing by the environment.
> Pruitt also served eight years in the Oklahoma State Senate in addition to co-owning and managing Oklahoma City's Triple-A minor league baseball affiliate.
> Pruitt played baseball for the University of Kentucky, earned his bachelor's degree from Georgetown College and graduated from the University of Tulsa College of Law. He and Marlyn, his wife of 27 years proudly raised their two children in Tulsa.
