DOC#: KNT028

DOCUMENT DESCRIPTION: Letter to Mr. W. J. Halley, President of P. Lorillard Company from H.B. Parmele, Director of Research

February 19, 1954

Mr. W. J. Halley
President
P. Lorillard Company
New York, New York

Dear Mr. Halley:

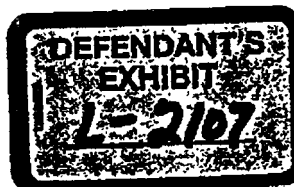

At the bottom of page 2 of our letter to you of February 12th, we have indicated a non-budgeted project with Dr. E. F. Fullam. This project has been set up and is actually underway for the purpose of confirming the absence of mineral fibers in Kent smoke by the use of the electron microscope.

Dr. Fullam is paid at the rate of \$100 per day and he has estimated that it will take approximately ten days to do the job. Covering this project we are sending you the attached letter of agreement signed by Dr. Fullam and the writer. It occurs to us that you may wish to have formal executive committee action on this project.

Very truly yours,

H. B. Parmele
Director of Research
