Gentlemen:

A Determination, Finding of Facts and Rule for Judgment was signed on December 5, 1968, wherein the above mentioned petitioner was awarded 450 weeks at \$45.00 per week, based on total disability. The expiration date of the 450 weeks occurred January 28, 1975.

This is to advise that the petitioner was certified by the New Jersey Rehabilitation Commission on April 16, 1975, as being unable to obtain wages or earnings equal to those earned at the time of the accident. A copy of this certification is enclosed for your file.

In view of the provision made in the Judgment on the above mentioned date for the continuation of payments under Section 12 (b), and the certification of the New Jersey Rehabilitation Commission that the petitioner is not feasible for vocational or physical rehabilitation, please confirm that you are continuing payments in accordance with the provision of Section 12 (b).

Very truly yours,

A formal petition having been duly filed claiming compensation under R.S. 34:15-7 et seq., as amended and supplemented, an answer having been filed, and the parties having appeared before me,

Horece Pricolletta, Judge of Compensation, at the Division of Workmen's Compensation, Administration Building
Somerville, NJ

on November 15, 1968, and testimony having been presented on the issues involved and stipulations having been entered on the record, I find and determine as follows:

1. The Petitioner was in the employ of the Respondent on June 15, 1966, on which date he sustained personal injury as the result of an accident arising out of and in the course of his employment. The accident and injury occurred as follows: petitioner was exposed to asbestos air born contaminants but not silicosis dust or any derivatives due to handling mixtures of cement and asbestos;
2. The Respondent had due and timely notice and actual knowledge thereof.
3. The Respondent has furnished and paid for medical treatment because of said injury. Additional items to be paid are set forth in the above STATEMENT OF AWARD.
4. Petitioner's wages were \$100. per week, making the temporary and permanent disability compensation rates \$3.00 and \$45.00 per week, respectively.
5. Compensation shall be paid by Respondent under said statute.
6. Payments shall be made as set forth in STATEMENT OF AWARD.
7. The permanent disability resulting from said accident is occupational disease in nature, involving Pulmonary pathology residuals of asbestos dust, pneumoconiosis with asbestos contaminants;

and the extent thereof I find and determine to be 100% of Permanent total disability 450 weeks at \$45. per week total of \$20,250. payments to begin as of June 16, 1966. Furthermore, respondent to pay for any medical treatments in the future of the petitioner;

At the conclusion of the trial, I made certain observations and findings which were recorded and which are made a part hereof as if set forth fully herein.

Pursuant to such findings, judgment is entered in accordance with the above STATEMENT OF AWARD.

Pursuant to the provisions of R.S. 34:15-64, as amended, it is directed that amounts to be deducted for the Petitioner's expenses are to be paid to the persons entitled to the same, the remainder to be paid directly to the Petitioner.
