December 30, 1996

Mr. Langley A. Spurlock, Ph.D.
Vice President
Chemical Manufacturers Association
Vinyl Chloride Panel
1300 Wilson Boulevard
Arlington, Virginia 22209

Dear Dr. Spurlock:

Thank you for your submittal in response to the Office of Environmental Health Hazard Assessment's (OEHHA) October 4, 1996 notice announcing a sixty-day public comment period for 45 candidate chemicals for which draft data summaries and draft prioritizations have been assigned for carcinogenicity or reproductive toxicity concern. A public forum was held on November 15, 1996. The public comment period closed on December 4, 1996.

Please be advised that OEHHA is evaluating your submittal on vinyl chloride as it applies to the draft data summary prepared in support of its draft prioritization assignment. OEHHA will review the comments received with the anticipation of finalizing the data summaries and priority assignments in early 1997.

When we have completed our evaluations and finalized the data summaries, we will send you a copy. Should you have any questions in the meantime, please call me at (916) 445-6900.

Sincerely,

Cynthia M. Oshita
