Interoffice Memorandum

AUGUST 31, 1979

FROM: V. L. KIRKLAND
TO: R. E. JOYNER, M.D.
SUBJECT: VINYL CHLORIDE: SWEDISH EPIDEMIOLOGY STUDY

Please refer to my memorandum of August 30, 1979, subject, Epichlorohydrin: Swedish Epidemiology Study. There was a mistake made in the title. The title should be Vinyl Chloride, rather than Epichlorohydrin.
