Dear Mr. Kline:

I believe I went hastily on my trip abroad, from which I have just returned, without communicating with you further after my ride to Atlanta and back to Cincinnati on February 23rd.

I do hope that Dr. Pierce was able to be of assistance to you. I have his report in a letter to your Mr. Hargis, and I shall review all of the available information with him and comment on it, to the extent that seems relevant and useful, just as soon as I can get other present matters squared away.

I am sending to you, at this time, the bill to cover the airplane transportation from Cincinnati to Atlanta and return, just to get the record straight before the information might be mislaid.

I've spent several days in finding the top of my desk after more than a month's absence, and I came upon the pertinent notations.

Cordially yours,

Robert A. Kehoe, M.D.
Professor Emeritus of
Occupational Medicine
