FYI - see attached if you want a preview and want to give me any high level comments. I am still working on the Executive Summary and will need to clean up all of the acronyms, etc. at the end of the day.

All,

As a follow up to Jim's email below, attached is the latest version of this report. I am still working on the Executive Summary. Could you please review and send me any changes in track changes by 4 pm today? I will then incorporate and give updated version to Tim to review by COB today.

Thanks, Shelley

Cathy & Mitch,

As discussed on the 8:15 call this morning, please look over (and/or have someone in your Division look over) the attached draft 45 day report required by SO 3354. As pointed out on the 8:15 call, Tim, John and Shelley are reviewing this draft concurrently. Shelley and I will integrate modifications once all review is completed. I have attached both a track changes and a clean version. Also attached (just in case) is a copy of SO 3354.

I have checked the document for consistency with the BLM response to EO 13783. What we really need is for 310 and 320 to be sure this content is consistent with other information

coming out of your Divisions.

Please complete your review by COB Wednesday, August 3rd.

Thanks, js

Attached is the redraft of the 45 day report for SO 3354.

I rewrote the Executive Summary to be more like that in the EO 13783 report.

I went through and made changes to add consistency between this report text and text from the EO 13783 report.

I then went through to add acknowledgement of EO 13783 and SO 3349 as reasons the BLM had undertaken the efforts discussed.

I just made changes, producing V4Clean, and used Document Compare to create a track changes version, attached here as V4.
