

1 Mount Sinai people went ahead and followed up their
2 preliminary study with another study?

3 A Yes.

4 Q Okay. And that was a study that was
5 actually never published in the published literature,
6 but was presented as a technical report?

7 Is that your understanding?

8 A Yes.

9 Q Okay. And that study, if I am correct, was
10 published in about 1982; is that right?

11 A Yes. That study was actually under
12 governmental auspices, was it not?

13 Q I think that is correct. I think it was
14 submitted as a technical report to NIOSH or some such
15 body.

16 Does that sound right?

17 A Yes.

18 Q Do you happen to recall, was that a cohort
19 study as well, Doctor?

20 A I recall very little about that study,
21 frankly.
