

January 9, 1933

Dr. Martin H. Fischer
College of Medicine
Cincinnati, Ohio

Dear Doctor Fischer:

I am sending you herewith copies of the Laboratory budget for the ensuing year 1933, following its approval by the Ethyl Gasoline Corporation. Following the request of President Walters and Dr. Bachmeyer, I have seen to it that certain alterations in the salaries supplement those effected in July in carrying out the general policy of the University.

I trust that this will meet with your approval. A copy of the budget is enclosed for you, for Dr. Bachmeyer and for the Business Manager's office.

Cordially yours,

RAK:IS
