and Forest Products Industry Workers
www.pprc.info

December 18, 2019

Andrew Wheeler
Administrator
U.S. Environmental Protection Agency
1200 Pennsylvania Avenue, NW
Washington, DC 20460

Dear Administrator Wheeler:

Representatives of the Pulp and Paperworkers' Resource Council (PPRC) will be visiting Washington, DC next year Tuesday, February 4th through Thursday, February 6th, 2020. We would be pleased if a group of our members could meet with you and your staff to discuss several policy priorities, including the carbon neutrality of biomass, clean air and water issues, and the pending EPA regulation on cost-benefit analysis under the Clean Air Act.

The PPRC is a non-profit grassroots organization made up of ground floor hourly union workers in the forest products industries. We come from all across the United States. The PPRC is committed to educating our legislators and policy makers on issues of importance to the forest products industry and the impact policies have on our jobs and the economies of the cities and small rural communities where our industries are located.

We would appreciate an opportunity to meet and discuss issues of concern with you. We will follow up with your office soon, but if you have any questions, please feel free to contact me. Thank you for your consideration.

Regards,

David M. Wise

Pulp and Paperworkers' Resource Council
National Steering Committee Chairman
Southeast Region Director
