Hi [REDACTED]

Please see attached Part B's for recent incidents:

- 01/04/2023: Process gas release
- 05/06/2023: Suspended solid breach

The only other Part B we need to send is the annual CO emissions breach. This investigation is still ongoing. We will submit the CO emission total for Q1-Q2 2023 with our 6 monthly returns. We have undertaken some air quality modelling, draft results indicate that even with higher than permitted CO emissions, the impact on nearby human health receptors is not significant.

Kind regards,
[REDACTED]
