

<u>Health</u>		<u>Rabies, after postexposure treatment</u>	95
ambulatory medicine in a teaching hospital	931	<u>Radiation(ionizing, nuclear, x-rays, etc.)</u>	
enrollees in Youth Corps	936	Control program, New York City	101
of the university and the specialist	932	<u>Ringworm, contracted from cattle</u>	95
<u>Heart, your heart has nine lives (bk. rev.)</u>	927		
<u>Hepatoma, induced by thorotrast</u>	1008	<u>Sacroiliac lipomata</u>	
<u>Hospital(s)</u>		as cause of low back pain	946
ambulatory medicine in teaching	931	<u>Sappington Memorial Lecture 1966</u>	
		patterns and perspectives	93
<u>Industrial medicine</u>		<u>Sarcoidosis</u>	
Sappington Memorial Lecture 1966	933	possible relationship to pine pollen	997
		<u>Schistosoma dermatitis</u>	966
<u>Kerosene, pneumatocele following ingestion</u>	986	<u>Selenium, acute poisoning from gun-</u>	
		blueing compound	977
<u>Laser(s)</u>		<u>Silicones in head and neck surgery</u>	958
histology of humanocular coagulation	1009	<u>Silicosis</u>	
Lead poisoning, nephropathy in chronic	984	acid-base equilibrium in pulmonary	1001
<u>Lightning, protection from (bk. rev.)</u>	929	<u>Silver nitrate, treatment of burns</u>	970
<u>Low back pain</u>		<u>"Skid row" syndrome</u>	939
in men receiving workmen's compensation	947	<u>Skin</u>	
sacroiliac lipomata as cause of	946	temperature recording with phosphors	974
<u>Lung(s), effect of acute hypoxia</u>	942	<u>Smoking</u>	
		polonium-210 in lungs of smokers	950
<u>Medicine, ambulatory, in teaching hospital</u>	931	relation to myocardial infarction	949
<u>Menthol urticaria</u>	967	toxic fungi in tobaccos	951
<u>Methane, monitoring in the atmosphere</u>	1015	<u>Specialist, and health of the university</u>	932
		<u>Static electricity (bk. rev.)</u>	930
<u>Nocardiosis, subcutaneous</u>	969	<u>Sulfonamide</u>	
<u>Nursing, selected knowledge or skill</u>		in control of burn wound sepsis	971
basic to occupational health	928	<u>Sulfur dioxide</u>	
		effects on surface properties of the lung	979
<u>Occupational health</u>		<u>Surfer's knots</u>	
basic knowledge and skill for nurses	928	bone changes and medical problems	941
<u>Ophthalmology</u>		<u>Thorotrast, hepatoma induced by</u>	1008
cerebro-ocular effects of carbon dioxide		<u>Transaminase determinations</u>	943
poisoning	975	<u>Trauma, surfer's knots</u>	941
human ocular laser coagulation	1009	<u>Typhoid fever, 1964 epidemic in Atlanta</u>	957
photocoagulation from x-rays	1010		
<u>Oxygen</u>		<u>Veterinarians, mortality in California</u>	935
atelectasis in subjects breathing 100%		<u>Wormy eyes</u>	
oxygen	934	veterinary public health problem	953
toxic effects of high concentration	980		
<u>Ozone</u>		<u>X-ray(s)</u>	
photochemistry in moist atmosphere	978	ocular effects and photocoagulation	1010
		<u>Youth Corps, health of enrollees</u>	936
<u>Paraffin waxes</u>			
3, 4-benzpyrene in highly refined	973	<u>Zoonoses</u>	
<u>Pennsylvania, farmer's lung in eastern</u>	996	human rabies after postexposure treat-	
<u>Phosphors, skin temperature recording</u>	974	ment	954
<u>Pine pollen</u>		ringworm contracted from cattle	952
possible relationship to sarcoidosis	997	wormy eyes	953
<u>Pneumatocele formation</u>			
from petroleum hydrocarbons	986		
<u>Pneumoconiosis</u>			
Pennsylvania anthracite miners	1000		
right ventricular hypertrophy in coal			
miners	999		
<u>Polonium-210, activity in lungs of smokers</u>	950		
<u>Propylene oxide</u>			
effect on spice fumigation	987		
<u>Psychiatry</u>			
in Canadian Air Division	937		
mental health with limited resources	926		
<u>Pulmonary</u>			
atelectasis in subjects breathing 100%			
oxygen	934		
calcification in aspergilloma	955		
effect of acute hypoxia on capillaries	942
