Dear Bob,

In case you haven't already received them,
I enclose copies of letters from Sir John Charles of
the Ministry of Health, London and Dr. Drummond of South
Africa.

Yours ever,

Dr. R.A. Kehoe,
The Kettering Laboratory,
University of Cincinnati,
Eden Avenue,

Dear Dodds,

With reference to my earlier acknowledgment to your letter of 13th July regarding the visit of Professor Kehoe in October, we here would certainly be glad to see him on a date which could be arranged later. However, in the meantime, both Dr. Daniel Thomson and myself would be glad to have a word with Dr. P.S.I. Barry and yourself so that we may have some amplification of the data which has been provided. This obviously is not urgent and perhaps your secretary would get in touch with mine and arrange a mutually convenient time.

Yours sincerely,

J.A. CHARLES
