Absolutely. It will be me as well as my colleague Eileen Stuart who will be coming up from our Tallahassee, FL office. I was going to put together some folders that include information about the company and our footprint. Can I bring them to you tomorrow? (How many?). We plan on discussing our business in the US and how critical it is for agriculture and food security; global competition, and the process to obtain permits (local, state and federal) in order to mine in FL. We submitted comments to the EPA on regulatory Reform that I will also send to you electronically.

Who on your end will be in attendance? We are both a mining and (chemical) manufacturing company.

Thank you.

Lorine

Good evening, Lorine,

I am gathering information ahead of your group's meeting with EPA next week. Would you mind providing a list of attendees from your group as well as any read-ahead materials you can provide us?

Thanks,
