Enclosed is a copy of the master list used to mail the Pydraul reformulation letter of January 31, 1972. You may use this list to check against your IBM run to insure that all customers in your area received a copy of the letter. This list was compiled from the November # 4 run so any new customers in December or January will not be on it. Also, the letter was sent to bill to locations--you will not find all ship to locations for major customers on this list.

If you find customers not on this list please forward names and addresses to Linda Brown here in St. Louis and she will insure that they receive a copy of the letter immediately. Please do not send us addresses of ship to locations where we have already sent a letter to the billing address unless they specifically request a copy.

Since this is a complete list of our customers, we ask that you not reproduce this list. If for any reason you need additional copies please give Norm Johnson a call.
