Hi Walter,

Can you give me a quick call? As I mentioned on the staff call this morning, I'm sure the Secretarial Order will be on Steve Wackowski's agenda today. He will expect us to know what USGS plans are for responding. Do you have any updated info you can share? The USGS one-pager I received from Bud Cribley (BLM) had a menu of options for the ANWR 1002 area totaling \$7.15M and a \$1.5M - \$3M option for NPRA. You mentioned a \$15M option on the staff call today. I don't have any info on that.

I understand we probably don't want to share documents with Steve at this stage, but we should be able to talk generally about where we are at.

My direct line is 907-786-7055

Thanks,  
Aimee
