Plant, P. O. Box 119 / Ragland, Alabama 35131 • Phone 205 • 472-2111

December 21, 1977

Mr. Stephen D. Bundy
Department of Environmental Sciences
ASARCO

Mr. Bundy,

Regarding the sample taken on Bobby Kay S.S. No. 421706619,
on November 4, 1977, Yes he did have to enter the baghouse
(wearing respirator). But we did not know this until a later
date.

To be absolutely certain, I have taken six more samples.
Three personal and three stationary.
